Biography

As a newer member of the Riverview Homes sales team, I bring years of dedication and hard work to help with our customers new home purchase. After raising my daughter and working at Keystone Power Plant for almost 20 years, I decided to change professions and begin a career in the real estate market. I attended and graduated from Great Basin College Nevada for real estate principles and real estate law/practice. I also attended and graduated from LoDolce Academy of Real Estate in Monroeville. As a member of the local community for over 40 years I look forward to using my experience and dedication to helping our customers achieve their goals of finding and purchasing a new home.

I want to thank Riverview Homes for giving me the opportunity to join their staff and I sincerely look forward to helping future customers with the homes of their dreams. Anyone can feel free to call me; I'm ready to help.
